The Oil and Gas Heavy Industry

Sandoval County is drafting an oil and gas ordinance.
Its protections are negligible.

Selected Serious Omissions:

- No criteria for acceptance/rejection of O&G applications
- No public review of exploratory well applications
- No pre-drilling air/water quality measurements
- No aquifer protection requirements or monitoring
- No groundwater or surface water quality monitoring
- No air emission or air quality measurements
- No verification that operator performs as promised
- No noise or operational hours requirements
- No protection for split estate surface landowners

Tell your Commissioners that's unacceptable !

County Administrative Building, 3rd Floor Commission Chambers:

Planning and Zoning Commission - - May 23, June 27, 6:00 pm

Board of County Commissioners - - June 1, June 15, 6:00 pm
